

# Joining a Virtual Community of Practice using Microsoft Teams

September 2020

Welcome to the CRSN Virtual Community of Practice

The VCoP was created in response to requests from regional sites for a forum for health care providers to connect with their peers.

Our goal in creating this VCoP is to enable health care providers to support the sharing of information and experiences to advance the provision of quality stroke care in the Champlain region.

The VCoP will be using the Microsoft Teams platform

New users, click 'join a team' to register. Returning members, click 'join a team' to register.

For help signing into Microsoft Teams, click [here](#).

## Welcome

The CRSN created the VCoP in response to requests from our regional sites for a forum to connect with peers.

Our goal is to advance the provision of quality stroke care in the Champlain region by

- ✓ Enabling collaboration between health care providers/ sites
- ✓ Supporting regional health care providers in the sharing of information/experiences

How will I join?

- You will receive an invite via email to join the CRSN VCoP for your discipline
- You may choose to opt out at any time.

The VCoP uses the **Microsoft Teams** platform

# Rules of Engagement

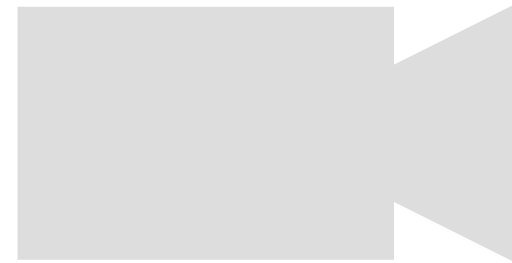

In order to participate in the VCoP, it is important that the following rules of engagement are followed:

- All posts need to be respectful, professional and collaborative in nature.
- Sharing of information is valuable (i.e. strategies to improve care, quality improvement initiatives, practice questions)
- Please follow Privacy Regulations as per PHIPA
- All participants are asked to submit questions and respond as appropriate with the goal of promoting dialogue among participants.
