One Day Workshop
Ottawa Hospital, Civic Campus

Getting Ready to Stand and Walk - an NDT approach

This workshop will include how to engage the trunk, UE, LE to progress the patient in sitting, standing, and gait. The workshop will provide participants with additional skills to enhance consistency in patient care and contribute to the overall team rehabilitation efforts of achieving functional outcomes for patients.

Instructor: Karen Guha, PT, C/NDT, NDTA™ Coordinator Instructor, CIDN

Registration will be open to physiotherapists, occupational therapists and rehabilitation assistants working in stroke in the Champlain Region.

Cost \$75 includes course materials and lunch.
