

The Central South Regional Stroke Network Presents:

# Provincial Stroke Rounds

## A Scalability Assessment of the Transitional Care Stroke Intervention in Community Stroke Rehabilitation

**Melissa Northwood, RN, PhD**  
Assistant Professor, School of Nursing  
McMaster University

**Tracey Chambers, RN, BScN, MSc**  
Research Coordinator, School of Nursing  
McMaster University

**Wednesday September 11, 2024**

**0800-0900h EDT**

### Objectives:

1. Learn about the Transitional Care Stroke Intervention (TCSI) in community stroke rehabilitation.
2. Understand factors that influence the scalability of the TSCI across three diverse community stroke rehabilitation programs in Ontario.
