

March of Dimes Canada (MODC) has launched a comprehensive national stroke survey, in English and French, to better understand life after stroke from people who experience it directly.

The survey explores physical, and mental health, emotional well-being, family life, employment, and social engagement after stroke. Findings from the study will inform the purposeful design of innovative, new services and resources available through March of Dimes Canada's [After Stroke](#) program.

As a thank you, participants will have the chance to win a gift card of up to \$100. Winners will have the option to choose from almost one hundred types of gift cards.

English survey link: <https://survey.forumresearch.com/SE/1/MDC6/?lang=en>

French survey link: <https://survey.forumresearch.com/SE/1/MDC6/?lang=fr>

The survey is open now and closes on February 27, 2023.

Please share this information broadly with your networks, on your website, on social media - any way that will help us get this out to as many people impacted by stroke across Canada as we can!
